The Traveller has been sized as a comfortable solo sleeping bag or zipped out as a quilt to share. It weighs very little and packs down small, leaving plenty of room in the rucksack, or to be left in the back of the car for unplanned bivvys.

Filled with 750+ loft Ultra-Dry Down it has been optimised as a summer outdoor bag, a year-round indoor bag, or as a booster over a bed or other sleeping bag. The fully opening zip can be used to zip to another Traveller for times when you're not travelling alone. The Large will comfortably fit two people when used as a blanket.

The Traveller has been cut with a slight taper to save weight, warmth and bulk without adversely effecting the usable blanket area. The drawcord foot and collar can be closed to seal in heat and create a mummy shaped bag - The Traveller is an incredibly versatile sleeping bag.

Ultra-Dry Down ensures the bag will stay dry and last longer, which makes it very robust.

The reversible shell can be used Charcoal or Ocean colour side out.
