

# FILL ADAPTOR

## OD-TRC

---

**Nozzle guard**

Protects nozzle from bending or breaking.

Weight: 25g(0.88oz.)

Dimensions when in use:

2 x 1.5 x 4.6cm(0.78 x 0.6 x 8 inch)

### Directions:

1. Screw the threaded part on the bottom of the FILL ADAPTOR into butane canister. Tighten slightly but do not over-tighten.
2. Press the nozzle guard down to the side and turn canister over. Insert the nozzle into valve of lighter or lantern and press down.

**!** **CAUTION: NEVER** use near any fire or heat source.
